Policy on Honours in Engineering

As a part of its commitment to achieving academic excellence, the Federal Institute of Science and Technology (FISAT) encourages advanced learners to register for Honours courses in their respective branches of study.

- Honours courses of APJ KTU are intended for students to gain expertise/specialize in an area inside their major B.Tech discipline and enrich knowledge in emerging/advanced regions of the branch of engineering concerned. It is particularly suited for students aiming to pursue higher studies.
- Advanced learners are encouraged to register for Honours courses.
- The rules and regulations for the award of Honours are as specified by University/institution.
- The university's detailed rules and regulations regarding the Honour courses are shared with students.
- The HOD and respective mentors will give detailed introductory sessions on the honours courses that shall be given to the students before the beginning of the semester. Registration for honours is to be done.
- Faculty members from respective departments conduct a detailed presentation regarding the options offered, highlighting the area/stream, syllabus, and scope for Honour Degree before registration.
- The department collects the list of students interested in registering for Honours and allot sufficient faculty members and sufficient hours for teaching the courses
